15	Executive summary	60	2.6 The social determinants of health
		60	2.6.1 Early years and health status
		63	2.6.2 Education and health
37	Chapter 1	68	2.6.3 Work, health and well-being
	Introduction	74	2.6.4 Income and health
		77	2.6.5 Communities and health
37	1.1 The central themes for the Review	82	2.7 Human and economic costs of inequalities
37	1.1.1 Health inequalities are a matter of social justice	82	2.7.1 Loss of years of life
37	1.1.2 There is a social gradient in health and health inequalities	82	2.7.2 Loss of years of healthy life
37	1.1.3 Addressing health inequalities is a matter of fairness	83	2.7.3 Economic costs
38	1.1.4 The economic context		
39	1.1.5 Tackling health inequalities involves tackling social inequalities	85	Chapter 3
39	1.1.6 Tackling health inequalities means tackling climate change		Lessons to be learned from the current health inequality strategy, targets and indicators
39	1.2 Conceptual framework and action on the social determinants of health inequalities	85	3.1 Introduction
39	1.2.1 A framework for the Review's recommendations	85	3.2 Current health inequalities policy
40	1.2.2 Policy objectives and the life course	86	3.3 Lessons learnt: policy designs and approach
41	1.2.3 Policy objectives and the social gradient	86	3.3.1 The social determinants of health
41	1.2.4 Health and well-being	86	3.3.2 Investing in prevention of ill health
43	1.2.5 Summary	86	3.3.3 Cross-cutting action and all-policy focus on health equity
		86	3.3.4 Need to focus on the gradient in health inequalities
44	Chapter 2	86	3.3.5 Small-scale policies and short timescales
	Health inequalities and the social determinants of health	87	3.3.6 The hunt for quick wins
45	2.1 Health inequalities in England – the figures	87	3.4 Lessons learnt from delivery systems
45	2.2 The current PSA target	88	3.4.1 Barriers to the national delivery system
48	2.3 Regional variation in mortality	88	3.4.2 Barriers to local-level delivery systems
51	2.4 Other indicators of health	88	3.5 Appropriateness of the targets
52	2.5 Health risks	88	3.6 Issues in the construction of the targets
57	2.5.1 Smoking	89	3.6.1 Not all dimensions of equality and inequality are covered
57	2.5.2 Alcohol	89	3.6.2 Being clear about outcomes
59	2.5.3 Obesity	89	3.6.3 Use of national targets at local levels
59	2.5.4 Drug use	89	3.6.4 Use of local area information to monitor inequalities

89	3.7 Monitoring progress in reducing health inequalities	115	C.3 Policy Recommendations
89	3.7.1 <i>Over-simplification</i>	116	D Policy Objective D: Ensure healthy standard of living for all
89	3.7.2 <i>Problems arising from targeting</i>		
90	3.7.3 <i>Absolute and relative inequalities</i>		
90	3.7.4 <i>Unintended consequences and perverse incentives</i>	116	D.1 Introduction
90	3.7.5 <i>The availability of monitoring information</i>	120	D.2 Recommendations
		120	D.2.1 <i>Implement a minimum income for healthy living</i>
			D.2.2 <i>Remove ‘cliff edges’ for those moving in and out of work and improve flexibility of employment</i>
			D.2.3 <i>Review and implement systems of taxation, benefits, pensions and tax credits</i>
93	3.8 Delivering across the whole system	121	
93	Chapter 4	124	
	Policy objectives and recommendations		
93	4.1 Introduction	125	D.3 Policy Recommendations
94	A Policy Objective A: Give every child the best start in life	126	E Policy Objective E: Create and develop healthy and sustainable places and communities
94	A.1 Introduction	126	E.1 Introduction
94	A.2 Recommendations	127	E.2 Recommendations
94	A.2.1 <i>Increased investment in early years</i>	127	E.2.1 <i>Prioritise policies and interventions that reduce both health inequalities and mitigate climate change</i>
97	A.2.2 <i>Supporting families to develop children’s skills</i>		E.2.2 <i>Integrate planning, transport, housing and health policies to address the social determinants of health</i>
100	A.2.3 <i>Quality early years education and childcare</i>	134	E.2.3 <i>Create and develop communities</i>
103	A.3 Policy Recommendations	136	
104	B Policy objective B: Enable all children, young people and adults to maximise their capabilities and have control over their lives.	139	E.3 Policy Recommendations
104	B.1 Introduction	140	F Policy Objective F: Strengthen the role and impact of ill health prevention
105	B.2 Recommendations	140	F.1 Introduction
105	B.2.1 <i>Reduce the social gradient in educational outcomes</i>	141	F.2 Recommendations
105	B.2.2 <i>Reduce the social gradient in life-skills</i>	141	F.2.1 <i>Increased investment in prevention</i>
108	B.2.3 <i>Ongoing skills development through lifelong learning</i>	142	F.2.2 <i>Implement evidence-based ill health preventive interventions</i>
		148	F.2.3 <i>Public health to focus interventions to reduce the social gradient</i>
109	B.3 Policy Recommendations	149	F.3 Policy Recommendations
110	C Policy Objective C: Create fair employment and good work for all		
110	C.1 Introduction		
110	C.2 Recommendations		
110	C.2.1 <i>Active labour market programmes</i>		
112	C.2.2 <i>The development of good quality work</i>	151	5.1 Delivery systems
112	C.2.3 <i>Reducing physical and chemical hazards and injuries at work</i>	151	5.1.1 <i>Taking a whole-system approach</i>
114	C.2.4 <i>Shift work and other work-time factors</i>	151	5.1.2 <i>Empowering people: securing community solutions</i>
114	C.2.5 <i>Improving the psychosocial work environment</i>	152	5.1.3 <i>The role of national government</i>
		153	5.1.4 <i>The National Health Service</i>
		158	5.1.5 <i>The role of local government</i>
		151	Chapter 5
			Making it happen: a framework for delivering and monitoring reductions in health inequalities along the social gradient

160	5.1.6 <i>The role of the third sector</i>
160	5.1.7 <i>The role of private sector employers</i>
161	5.1.8 <i>Enhancing partnerships</i>
163	5.1.9 <i>Partnerships for implementation</i>
164	5.2 Framework for targets and indicators to assess performance improvement
164	5.2.1 <i>The framework</i>
164	5.2.2 <i>Existing sets of indicators</i>
165	5.2.3 <i>Components of the framework</i>
166	5.2.4 <i>Selection of indicators</i>
166	5.3 National targets
167	5.4 Issues in implementing the framework
167	5.4.1 <i>What dimensions of inequality should be covered?</i>
167	5.4.2 <i>To what timescale should targets relate?</i>
167	5.4.3 <i>On what type of areas or individual characteristics should indicators and targets be based?</i>
168	5.4.4 <i>Measuring the social gradient in health</i>
168	5.5 Data availability
168	5.5.1 <i>Limitations of the data infrastructure, both nationally and at local level</i>
168	5.5.2 <i>Improving timeliness</i>
169	5.6 Addressing the problems with area-based measures
169	5.7 Evaluating the impact of interventions
169	5.7.1 <i>The need for evaluation</i>
169	5.7.2 <i>Evaluating an impact on the social gradient</i>
171	Chapter 6
	Key policies over the life course
177	Annex 1
	Structure and organisation of the review
179	Annex 2
	Framework of indicators to assess performance improvement in delivering Review recommendations
